Use of either option shall be in writing, any pro-rata portion of Goods shipped to Buyer shall be in the same proportion as the Order quantity bears to the total Goods volume. Inspection of the Goods or payment by Buyer for Goods shall in no event constitute an acceptance of such Goods. Buyer's review or approval, or purchase of such Goods, does not constitute acceptance of such Goods. Seller's drawings and other documents shall not relieve Seller of any responsibility for Goods delivered hereunder. Buyer's right to reject nonconforming Goods applies to all deliveries under the Order, whether or not they are in separate lots, whether or not the nonconformity substantially impairs the value of that installation, or whether or not the nonconformity with respect to one or more installations substantially impairs the value of the whole order, and regardless of location or passing of title to the nonconforming Goods. Seller warrants any claim by Seller for adjustment if such claim is not received in writing by Buyer within the earliest of the date of the last payment or the date of delivery. If within five days after receipt of such claim, Buyer is not notified by Seller that Seller is rejecting the claim, the claim shall be deemed accepted by Seller unless Buyer receives Seller's objection thereto within the earliest of ten days after the date of such claim or the date of delivery.
